

**ROWAN COLLEGE AT GLOUCESTER COUNTY  
AUTOMOTIVE TECHNOLOGY  
Associate in Applied Science (A.A.S.) – Career  
Program Requirements**

The Automotive Technology Program is a cooperative agreement between GCC, Ford Motor Company, and the Gloucester County Institute of Technology. This is a full-time, two-year curriculum composed of five 20-week semesters. The program provides alternating 10-week sessions of classroom/laboratory instruction and internships at local automotive dealerships, providing theory, practice, and hands-on experience which will qualify graduates for gainful employment as service technicians. Students who have completed the program will be able to:

- Safely and competently work in an automotive repair facility
- Understand all eight ASE areas of automotive technology regardless of manufacturer. These systems include but are not limited to: electrical, brakes, steering, power-train controls and automatic transmissions
- Diagnose and fix all major automotive systems
- Demonstrate social skills and a high level of professionalism
